Dear Dr. Henny:

I have recently heard that the National Milk Producers Federation has filed a complaint with the Food and Drug Administration to stop beverages made from soybeans from being called soy milk. The dairy industry should not be allowed to maintain its monopoly on the use of the word "milk". Actually, the label should say "cow's milk", not just "milk".

Please allow non-dairy beverages to be labeled as "milk" and require that cow's milk be labeled as "cow's milk", not just milk".

Sincerely yours,

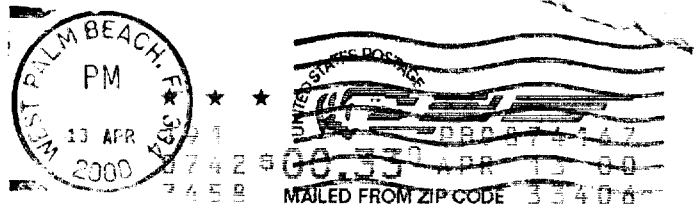

*Judy S. Calandra*
